

Compact price list 2019

for controlled ventilation of living spaces

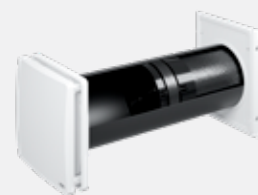

iV ventilation systems with heat recovery

iV-Smart+

(energy efficiency class: A+ / A)

consisting of: wall sleeve, weather protection hood, inner cover with G4 filter, ceramic heat accumulator and inVENTron (Xenion reversing fan and guiding vanes). For wall thicknesses from 270 mm.

as a complete set from:	€ 497.00 net
as a preparation set from:	€ 133.00 net
as a finishing set from:	€ 364.00 net

iV-Smart+ Corner

(Energy efficiency class: A+ / A)

consisting of: wall sleeve, flat duct, reveal grille, inner cover with G4 filter, ceramic heat accumulator and inVENTron (Xenion reversing fan and guiding vanes). For wall thicknesses from 250 mm and at least 120 mm insulation.

as a complete set from:	€ 548.00 net
as a preparation set from:	€ 184.00 net
as a finishing set from:	€ 364.00 net

iV-Smart+ Ohio

(Energy efficiency class: A+ / A)

consisting of: wall sleeve, special weather protection hood, inner cover with G4 filter, ceramic heat accumulator and inVENTron (Xenion reversing fan and guiding vanes).

For thin walls from a wall thickness of 180 mm.

as a complete set from:	€ 554.00 net
as a preparation set from:	€ 190.00 net
as a finishing set from:	€ 364.00 net

iV-Smart+ Top

(Energy efficiency class: A+ / A)

consisting of: wall sleeve, branch with evaporation pan, weather protection hood with insulation, inner cover with G4 filter, ceramic heat accumulator and inVENTron (XENION reversing fan and guiding vanes). For installation directly under sloping roofs (5-45°).

as a complete set from:	€ 714.00 net
as a preparation set from:	€ 350.00 net
as a finishing set from:	€ 364.00 net

iV-Twin

(Energy efficiency class: A/B)

for single room ventilation. Consisting of: wall sleeve, weather protection hood, inner cover, ceramic heat accumulator and two fans. For wall thicknesses from 300 mm and a wall opening of 150 mm x 270 mm, according to type approval DIBt Z-51.3-198.

as a complete set from:	€ 701.00 net
as a preparation set from:	€ 204.00 net
as a finishing set from:	€ 497.00 net

iV14-Zero

(Energy efficiency class: A+ / A)

consisting of: wall sleeve with special sound insulation made of Inventin, weather protection hood, inner cover with G4 filter, ceramic heat accumulator and inVENTron (Xenion reversing fan and guiding vanes). For wall thicknesses from 255 mm.

as a complete set from:	€ 546.00 net
as a preparation set from:	€ 151.00 net
as a finishing set from:	€ 395.00 net

iV14-Zero Corner

(Energy efficiency class: A+/A)

consisting of: wall sleeve with special sound insulation made of Inventin, flat channel, reveal grille, inner cover with G4 filter, ceramic heat accumulator and inVENTron (Xenion reversing fan and guiding vanes). For wall thicknesses from 255 mm and at least 120 mm insulation.

as a complete set from:	€ 601.00 net
as a preparation set from:	€ 206.00 net
as a finishing set from:	€ 395.00 net

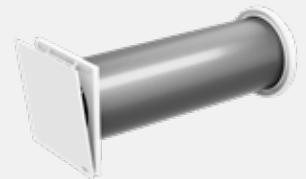

iV-Light

(Energy efficiency class: A+ / A)

consisting of: wall sleeve, weather protection hood, inner cover with G4 filter, ceramic heat accumulator and inVENTron (Xenion reversing fan and guiding vanes). For wall thicknesses from 290 mm.

as a complete set from:	€ 398.00 net
as a preparation set from:	€ 64.00 net
as a finishing set from:	€ 334.00 net

iV-Compact

(Energy efficiency class: A/B)

consisting of: wall sleeve, weather protection hood, inner cover with G4 filter, ceramic heat accumulator and inVENTron Slim (Xenion reversing fan and guiding vanes). For thin walls from a wall thickness of 140 mm.

as complete set from:	€ 566.00 net
as preparation set from:	€ 202.00 net
as completion set from:	€ 364.00 net

iV25

(Energy efficiency class: A/B)

consisting of: wall sleeve, weather protection hood, inner cover, ceramic heat accumulator and fan. Standard for wall thicknesses from 270 mm and wall openings of 270 mm diameter, according to type approval DIBt Z-51.3-320.

as a complete set from:	€ 700.00 net
as a preparation set from:	€ 168.00 net
as a finishing set from:	€ 532.00 net

The inner covers and weather protection hoods of the inVENTer ventilation systems can be combined differently for each system. Please ask your local factory representative.

Controllers for iV ventilation systems

Basic controller sMove s4 / sMove s8 (Standard version / Flat)

sMove s4: controls up to 4 ventilation units in the iV-Smart+ or iV14-Zero series or 2 iV-Twin or iV25 ventilation units.

sMove s8: controls up to 8 ventilation units in the iV-Smart+ or iV14-Zero series or 4 iV-Twin or iV25 ventilation units.

Control via Touch&Slide function, with LED displays for power level and heat recovery/ventilation operating modes. Pause function and operating hours counter. Can be extended via additional sensors or integrated into the home automation system.

sMove s4

Price: € 153.00 net

sMove s8

Price: € 194.00 net

Multi-zone controller MZ-Home (basic version)

The control unit including a Clust-Air module controls up to 4 ventilation units from the iV-Smart+ or iV14-Zero series or 2 iV-Twin or iV25 ventilation units with display for operating mode, operating hours, power level, date and time, relative humidity and temperature. Weekly timer and filter change indicator.

Connection of up to 4 Clust-Air modules possible.

Price: € 330.00 net

Clust-Air module CAM17 (Extension for an additional ventilation zone)

For controlling up to 4 iV ventilation units per module.

Price: € 105.00 net

Sensor technology

CO₂ sensor CS1

for CO₂ monitoring, suitable for sMove and MZ-Home controllers

Price: € 255.00 net

Hygrostat HYG12

for humidity control with basic controller sMove

Price: € 97.00 net

Hygrostat HYG18

for humidity control with sMove basic controller, with LED display for humidity and temperature

Price: € 248.00 net

Exhaust air

aV exhaust air systems

aV100 / aV100-Corner wall mounting set

Wall duct for the use of exhaust fans Avio N 100, Pulsar Basic / Pulsar, Aventus.
Without heat recovery. Consisting of wall sleeve, back-draught shutter and weather protection hood, corner version with flat duct incl. reveal grille.

Price aV100 from: € 62.00 net

Price aV100-Corner from: € 93.00 net

Avio N 100

Exhaust air fan incl. inner cover, with run-on control.

Price: € 119.00 net

Pulsar Basic / Pulsar

Low-noise exhaust fan for use with aV100/-Corner wall mounting set.

Pulsar Basic: integrated humidity sensor and light sensor.

Pulsar: control via "inVENTer Mobile" app. Integrated humidity sensor and light sensor.

Price Pulsar Basic: € 154.00 net

Price Pulsar: € 200.00 net

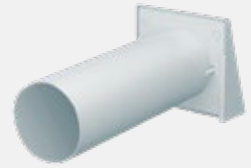

Aventus

consisting of: fan insert with fan, inner cover, G2 dust filter, fan housing. Including run-on control and switch-on delay, optionally with humidity sensor. Housing types for different requirements (e. g. surface-mounted, flush-mounted, fire protection). Second room connection possible.

For internal rooms.

Price flush-mounted from: € 272.00 net

Surface-mounted price from: € 277.00 net

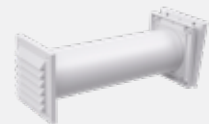

aV ALD wall vent

aV100 ALD

consisting of: ALD insert with inner cover, filter cassette with dust filter and back-draught shutter, round wall sleeve, weather protection hood.

Price: € 60.50 net

Semi-centralised ventilation systems

inVENTer PAX Basic Set

(Energy efficiency class: A)

for increased sound insulation ventilation. Consisting of: main module, silencer, connector, wall duct and weather protection hood.

as a complete set from: € 1,507.00 net

Accessories

Replacement filter

Dust filter:

for inner cover Flair, Smart:	2 pieces, € 25.00 net
for inner cover Classic, Quadra:	2 pieces, € 15.00 net
for filter cassette aV100 ALD / ALD Plus:	2 pieces, € 15.00 net
Dust filter Aventus:	1 piece, € 6.00 net
Dust filter Aventus second room:	1 piece, € 4.00 net
Dust filter inVENTer PAX:	1 set, € 15.00 net

Pollen filter:

for inner cover Flair, Smart:	2 pieces, € 25.00 net
for inner cover Classic, Quadra:	2 pieces, € 25.00 net
for inner cover Classic Twin, Quadra Twin:	2 pieces, € 25.00 net
for filter cassette aV100 ALD / ALD Plus:	2 pieces, € 15.00 net

Fine filter:

for inner cover Flair, Smart:	2 pieces, € 25.00 net
for inner cover Classic, Quadra:	2 pieces, € 15.00 net

Flicker filter

for aV100 ALD / aV100 ALD Plus:	1 piece, € 25.00 net
---------------------------------	----------------------

Activated carbon filter:

for inner cover Flair, Classic, Quadra:	2 pieces, € 25.00 net
---	-----------------------

Soundproofing

Sound protector

Sound insulation in wall sleeve, for iV14-Zero, iV-Smart+, iV-Twin
Price: € 15.50 net

Sound absorbing insert

Sound insulation in wall sleeve, for iV14-Zero, iV-Smart+ (except Ohio version), iV-Twin, iV25 and aV100 ALD / ALD Plus
Price: € 11.50 net

Sound insulation insert

for insertion into Classic inner cover
Price: € 45.00 net

Wind protection

Wind protection insert

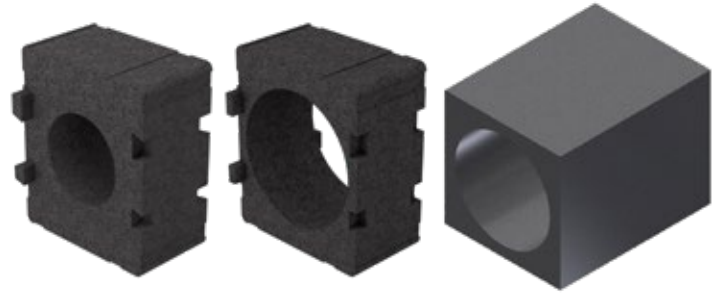

for installation in the wall sleeve. Additional protection against strong wind.
Available for iV14-Zero, iV-Smart+ and iV-Twin.
Price Wind protection insert iV14-Zero, iV-Smart+: € 26.00 net
Price Wind protection insert iV-Twin: € 39.00 net

Wall installation

Wall installation block

for uncomplicated wall installation, available for ventilation systems in the iV-Smart+ (WEB D180), iV14-Zero (WEB D230) series, the aV100 exhaust air system and the aV100 ALD / ALD Plus (WEB D120) exhaust air system

Price WEB D120:	€ 7.00 net
Price WEB D180:	€ 7.00 net
Price WEB D230:	€ 20.00 net

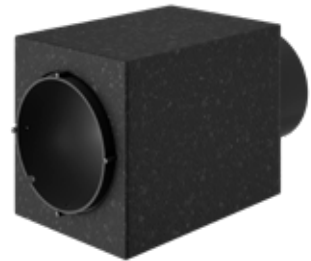

Simplex wall installation system

for quick installation of ventilation systems in new buildings, available for ventilation systems in the iV-Smart+, iV14-Zero, iV-Twin, aV100 series. Installation block with pre-installed wall sleeve and integrated slope.

Prices:

Simplex 365 incl. wall mounting sleeve R-D103	€ 53.00 net
Simplex 490 incl. wall mounting sleeve R-D103	€ 63.00 net
Simplex 365 incl. wall mounting sleeve R-D160	€ 73.00 net
Simplex 490 incl. wall mounting sleeve R-D160	€ 93.00 net
Simplex 365 incl. wall mounting sleeve R-D200	€ 103.00 net
Simplex 490 incl. wall mounting sleeve R-D200	€ 123.00 net
Simplex 365 incl. wall installation sleeve iV-Twin	€ 133.00 net
Simplex 490 incl. wall installation sleeve iV-Twin	€ 173.00 net

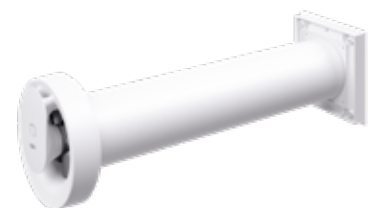

Wall vent ventilator

USTS 100 Pulsar

consisting of: wall sleeve, inner cover with filter and overflow fan. Control via "inVENTer Mobile" app. For active ventilation support from room to room.

as a complete set:	€ 254.00 net
as a preparation set:	€ 54.00 net
as a completion set:	€ 200.00 net

Upgrade kit

iV14-Zero Upgrade

consisting of: inserts for inner cover and weather protection hood, special sound insulation made of Inventin, ceramic heat accumulator and inVENTron (Xenion reversing fan and guiding vanes). For retrofitting existing iV14R / iV14R-Corner to iV14-Zero / iV14-Zero Corner.

Price:	€ 325.00 net
